

2007 Foundation Grant Directory

Beyond Horizons: Funding Directory for Children, Youth and Family Programs

A program's growth is dependent on the funding it can bring in. Among the most urgent of calls GACI receives is to assist programs find or apply for funding, GACI has spent more than 6 months contacting funders across the country to identify foundations, corporations and other entities that provide funding to California programs whose focus includes health, child development and education. This publication will assist grant seekers in the long search for the right funder and includes basic descriptions, limitations, deadlines, application information, past funding examples, and contact information for over 80 grant programs targeted specifically to advancing the lives of California's children, youth and families.
